Link@Sheraton: A New Experience At The Sheraton

The Sheraton Syracuse University Hotel & Conference Center is excited to announce the grand opening of the Link@Sheraton on Thursday, May 8, 2008. This signature space is the latest addition to the Sheraton Syracuse University Hotel, and more than 100 Sheratons nationwide, to provide guests with a “sense of community and belonging while on the road.”

The Link is more than just a lobby space as it is designed especially so guests can interact in a welcoming environment while away from home. The Sheraton has teamed up with Microsoft to create a technology driven space to provide guests with access to the Internet through computer workstations, Ethernet ports, wireless networks and printing. Link@Sheraton is complimentary for all hotel guests and conference attendees, but can also be utilized by hotel visitors for a nominal fee.

The Link@Sheraton will also include an entertainment center with a 42” flat panel HDTV for guests to enjoy national news, sporting events and additional programming with fellow guests and staff. Food and beverage service will also be provided throughout the day to provide superior service to the Sheraton’s valued guests.

For more information on the Link@Sheraton or the unveiling of the new space, please contact Gil Reyes at 315.477.8262.
